DISCOGRAPHY

Los Angeles-bred DJ, producer, and creative force 2LM has spent the last decade carving out a unique place in the West Coast underground. Blending hip-hop, breakbeats, funk, soul, and Latin percussion with modern tech house and minimal, he delivers groove-driven sets and productions with underground edge and dancefloor impact.

Rooted in b-boy culture, turntablism, and crate-digging, his sound is built on movement, swing, and rhythm. Through the duality of light and dark inkblot-inspired visuals and his signature blend of sexy, dark, funky, and percussive grooves, 2LM continues to rise as a distinctive voice in house music.
